EZINMA NWANKWO

I am a motivated Fullstack Developer seeking a challenging position in a dynamic environment where I can apply my skills and knowledge to contribute to the development of innovative web applications. I am a fast learner, team player, and always eager to learn and grow as a professional.

Education:
UNH Coding Bootcamp
Relevant coursework: Data Structures, Algorithms, Object-Oriented Programming, Web Development, Database Systems, Software Engineering
Skills:

- Proficient in HTML, CSS, JavaScript, and popular front-end frameworks (e.g., React, Bootstrap)
- Experience with server-side programming language Node.js,
- Familiarity with databases (e.g., MySQL & MongoDB)
- Understanding of software development principles such as Agile methodologies, version control (e.g., Git), and debugging
- Strong problem-solving and critical-thinking skills
- Excellent communication and collaboration abilities

Experience:
Fullstack Developer

- Developed and maintained web applications using React, Node.js, and MongoDB.
- Collaborated with the team to design and implement new features and functionalities.
- Conducted code reviews and tested software to ensure quality and functionality.
- Participated in Agile sprint planning, retrospectives, and stand-up meetings.

Certifications:

- FullStack Flex Coding, University of New Hampshire, March, 22

References:

Available upon request.
